Development Studies and
Linguistics Course
introduction The BA
programme in Development
Studies is a combined
honours degree, allowing
students to blend a critical
awareness of international
development, with a solid
grounding in another

discipline or subject area.

UK Linguistic Courses

Introduction to Linguistics.

Linguistics is the principle study of language, from how sentences are constructed to how language can influence and direct. A keen analytical mind is required as students

learn about the sound,
grammar and meaning of
different languages, spoken
by different people and
cultures.

Our MA in Applied
Linguistics is designed to
engage students in a wide
range of topics and

perspectives relevant to the field of linguistics. We explore areas relevant to professional translation, the IT industry, education and language policy, language teaching, and publishing, all of which build your professional skills alongside

theoretical understanding.
