Criminology and Public Policy. II. The Emergence of Criminology. Criminology began as a theoretically oriented field of study. Notably, the early criminologists were drawn from various disciplines (sociology, psychology, medicine) and would likely not have self-identified as "criminologists."

In relation to criminology, there are many theories or models that can be used to formulate public policy. The theories include: differential association theory, anomie theory, labelling theory, social control theory, social learning theory, lower class cultural theory, social disorganization theory, strain theory and differential opportunity theory (Curran and Renzetti, 2001).
