"More than canonical since its original publication in Germany, *Cultural Memory and Early Civilization* is one of the most important works of cultural analysis of the past two decades. Spanning cultural and media studies, sociology, ancient history, and numerous other fields, it has already underwritten volumes of research and theory in Europe.

21/6/2020 · Culture is essential to our identity as a nation and a civilization. The parasitic anti-Western vandals control the narrative and no one is allowed to deviate from it. Even conservatives must be ...

It started as a cultural movement in Italy, specifically in Florence, in the late medieval period and later spread to the rest of Europe, marking the beginning of the early modern age. The intellectual basis of the Renaissance was its own invented version of humanism, derived from the rediscovery of classical Greek philosophy, such as that of Protagoras, who said that “Man is the measure of ...
