[Read Online] Handbook Of Obstetric Anesthesia Clinical References Book [PDF]

The fourth edition of Sanjay Datta's *Obstetric Anesthesia Handbook* represents an update of a concise, single-authored text that many consider the best resource of its kind. During the past 15 yr, this text has been most popular among anesthesiology and obstetrics residents, fellows, and staff, both in the United States and in the international community.

In a world of complex, multiauthored textbooks about obstetric anesthesia, where readers require the physique of a body builder to pick up the tome and a sturdy and voluminous bookshelf for its storage, Mark Norris has produced a rather different text. This is a handbook, light in weight and designed for easy carriage in the hand or the pocket.
