Healthy Homes Initiatives (HHIs) work with families, agencies and local partners to provide education and access to interventions which will create warm, dry and uncrowded homes. Cold, damp, crowded homes can increase the risk of respiratory issues and other preventable health conditions, such as rheumatic fever and

skin infections.

The manufacturer attaches a Canadian Standards Association (CSA) certification label to each manufactured home before it leaves the factory. Generally, you`ll find the CSA label affixed to the exterior near the front door. The label shows the CSA number for the home and the home may not be sold without access to the originally assigned CSA number.
