If your HP BladeSystem c7000 Enclosure is equipped with a three-phase power configuration, you need six power supplies. To install a power supply:  
1. To gain access to all power supply bays, slide the HP BladeSystem Insight Display to the right or left as needed.  
2. Remove the power supply blank.  
3. Insert the power supply into the enclosure, and then close the power supply bracket.  
NOTE: This document ...

HP c7000 Enclosure 2250 W Hot-Plug -48 V dc power supply SKU: AH332A (1-6 pcs) For DC power, the commonly used power redundancy is N+1 instead of AC-Redundant for AC power. For that reason, a user that is having six power supplies in an AC infrastructure could use N+1 for his DC infrastructure so that only four DC power supplies are needed.
