Human Evolution Paper Topics [FREE]

4/5/2011 · Human evolution is the origin and evolution of *Homo sapiens* as a species that can be distinguished from other hominids, great apes, and mammals. Neanderthals are a unique species as they can be either classified as a subspecies of *Homo sapiens* as *Homo sapiens neanderthalensis*, or can be classified as a distinct and separate species as *Homo*

neanderthalensis.

Human Evolution. The battle of science versus religion has been a battle that has gone for centuries. The believers of evolution and the believers of creationism have sparred with one another since before the written word. Once the scientific revolution began, humans begin to understand the reality of what human beings are and how we arrived here.

Please enter a keyword or topic phrase to perform a search. End of War and Human Evolution. In seventeen pages this paper features ... A 4 page overview of human evolution. This paper traces the path from ardipithecus to Homo sapiens.
