Furthermore, through this attempted identity transformation, activists replaced stigmatizing medico-religious models of homosexuality with self-affirming civil rights-based models. This identity transformation through analogy cemented gay rank-and-file perception of the social treatment they faced as unjust, and helped determine what remedies gays would seek.

As a result, the race analogy is appropriately deployed in the current religious exemption cases, and failure to recognize and apply the analogy will ignore the reality that the current arguments for LGBT religious exemptions “potentially destabilizes all antidiscrimination obligations, resulting in a marketplace segregated by moralized judgments of other citizens.” As Elizabeth Sepper aptly notes, the logic
