It shows the basis on which Examiners were instructed to award marks.

The examination is considered to be tougher than similar boards. However the secret to scoring high lies in solving past papers. Ex-students agree that solving the last 10 years papers helps a lot. It familiarizes them with the question pattern and marking scheme. Also, it allows students to gauge their preparation.

Hey guys I managed to compile both IGCSE book's and study notes in one place. Highly recommended \*NOTE:All the below resources you see are all compiled by me and it took me alot of days to do it! \*TIP: All the below resources contain both the IGCSE book's and study notes so hell yes you don't need to bother Searching it on a Google or whatever.

Papers 1 and 2 are multiple-choice papers. These papers: take 45 minutes to complete; consist of 40 items of the four-choice type; test assessment objectives AO1 (Knowledge with understanding) and AO2 (Handling information and problem solving) are weighted at 30% of the final total mark. Papers 3 and 4 are written papers. These papers:

You can go through each IGCSE physics past paper and find one that suite your needs, so if you struggle with equations, then look for a past paper that has a lot of questions on equations! Make sure you use the mark schemes and go through each question individually, and check what you go correct/incorrect.
