German.pdf size: 2.33 MB pages: 40

29/4/2007 · The clix 2's manual recommends the use of iriver plus 3 for videos because "there might be troubles" with other programs, but I used iriverter and CloneDVD mobile without any issues. I ran into problems when using anything but the supplied software with the X20 , so I'm not sure why everything went so smoothly with the clix 2.

Playlists. The clix supports playlists, but if you want named playlists you have to create them with iRiver's software. You can manipulate a

"quick list" on the player on-the-go if you feel like spontaneously making a playlist. The clix also supports ratings for songs and can play a ...

Manager firmware matches with iRiver Music Manager software. When needing the Music Manager go to next site and enter the word manager in the second column next to GO:

<http://www.iriver.com/flash/index.asp?code=0302> iriver music manager ( Ver. 3.21 ) shows up: click the item and read the instructions for

download and installation.
