1/10/2016 · I have a 2009 610 Mule 4X4 with 150 low hours. 3 or 4 times, the engine would not start. The first time, I'd turn the key and nothing would happen. It was like the battery had died. The second time, I turned the key and the starter acted like it was going to start the engine but then stopped...

21/12/2019 · Well after this sites help ( J ) and two different Regulators because the first one was D.O.A. the second one made it charge. I did find out that 610 Mule must use regulator part # 21066-0039 ONLY. My unit only uses 4 of the 5 pins in the connector going to ...
