27/7/2009 · Okay, I'm a huge Apple fan, a former user of Logic 7, and now a user of Logic Studio 8. I want to get the Logic Studio 9 upgrade, but Apple has decided to do something I consider to be dumb in an extreme way. They took a basic feature--easily searchable (offline), bookmarkable PDF manuals for Logic Studio and put them all online in html format.

The Melodyne online manual and this PDF document This PDF document was generated automatically from the contents of the Melodyne online manual. It contains what was the latest version of text and images at the time indicated on the front page. We are regularly adding to and updating the online edition of the manual, which is accompanied by
