10/8/2018 · Sir, orthodontic and oral surgery departments are becoming inundated with unnecessary referrals from dentists, and sometimes orthodontic specialists, requesting upper labial frenectomies.

14/2/2021 · Oral surgeons, also called maxillofacial surgeons, perform many different dental procedures to correct problems with the teeth, gums, jaw, and face. While dentists perform many procedures, oral surgeons generally handle those that are more complex, such as facial reconstruction, oral birth defects, bone grafts, and removal of impacted teeth.
