28/5/2020 · King Richard III's remains were found in a Leicester car park in 2012 (Image: GETTY) "He also failed to kill any of the princes' sisters – one of whom became central

to the opposition to him.

Unlike many other Egyptian tombs, grave robbers had never discovered King Tut. His resting place lay undisturbed for thousands of years, until it was discovered in 1922. In addition to mummies of Tutankhamun and his family, the tomb contained some 5,000 artifacts. Many early archaeologists worked in the service of invading armies.

The Princes in the Tower refers to the apparent murder in England in the 1480s of the deposed King Edward V of England and Richard of Shrewsbury, Duke of York. These two brothers were the only sons of King Edward IV and Elizabeth Woodville surviving at the time of their father's death in 1483. When they were 12 and 9 years old, respectively, they were

lodged in the Tower of London by their ...

Kenyan Cave Child Grave Declared Africa's Earliest Human Burial! 78,000 years ago someone buried a young child in a cave. Now, researchers say that child's grave in Kenya is the earliest known example of a deliberate human burial by modern humans in Africa.

Some media outlets picked up a sensational discovery made in Peru that was announced on March 31, 2008 by a group of U.S. archaeologists: In a crude burial site high in the Andean mountains, they found next to a crumbling skull a beautiful golden necklace

consisting of nine golden cylindrical ‘beads’ separated by green colored rings made of semi-precious stone.

25/1/2016 · King Smenkhkare ruled for ?3 years, possibly as either a sole ruler or a co?ruler. Since his or her family background is uncertain regarding sex and age, we have no clues for identification. Smenkhkare remains a phantom. Tutankhamun, the last male of the royal family, is likely to have been about eight or nine years old when he became king.
