Behaviour change programs have, in recent years, come to play an increasingly important role in efforts to prevent domestic violence. The rationale for intervening with known perpetrators is based on an understanding that violence in intimate relationships often persists over time and that interventions that have even a modest impact on behaviour can, therefore, have significant value.

5/2/2013 · Find a therapist to heal from domestic violence Domestic violence is the leading cause of injury to women, sending more than 1 million every year to doctor's offices or emergency rooms.
