17/7/2014 · Someone in this forum recommended that I try Navfree for offline maps. It's not bad but not as intuitive as I would have liked. Anyone know of a user manual for this app as a Google search didn't bring up any thing? My main question is in the top right

hand corner. Is an arrow or triangle. When I press it, turn by turn directions stop and I don't know how to toggle them back on.

The Global Positioning System (GPS) is the United States government's navigation satellite

constellation. As of October of 2018, the GPS constellation consists of 31 operational satellites. In ideal conditions, users can view six or more GPS satellites from virtually any point on the planet. The US government has stated that it
